

## LBB 3312/00

### Transport and Storage Suitcase

- Can accommodate up to ten contribution units
- Attractive finish, yet sturdy construction
- Simplify packing and unpacking
- Easy to carry and store

This transport and storage suitcase is for use in applications where CCS 800 contribution units will not be used in one fixed location, and therefore has to be easily transportable. This is often the case in town halls, hotels, business centres, local government offices, or smaller halls in major conference venues.

The LBB 3312/00 is designed to accommodate 10 contribution units with standard-length microphones. Any combination of delegate/chairman units can be catered for. The inside of the suitcase has specially moulded packing to accommodate the discussion units, which gives ample protection while making packing and unpacking easier.

The suitcase is attractive but also extremely durable and very practical. It has handles on the top and side, and two wheels on the underside for ease of transportation. There are two separate locks for extra security.
